

Meyco's RuggedMesh™ Pool Cover the best of both worlds

RuggedMesh™ gives the best of both worlds – the flexibility of a self-draining mesh cover combined with the durability of a solid cover.

RuggedMesh pool covers weigh 50% less than a typical solid safety cover and the special weave allows water to drain from the surface while filtering out finer particles. RuggedMesh covers will block more sunlight and offer greater strength than standard mesh covers.

The result – **RuggedMesh - Cleaner water – Less maintenance**

Others can claim it. Meyco owns it.

Others may claim it, but in 1957, Fred J. Meyer, Jr., the founder of Meyco Products, invented the safety pool cover. In 1960, he was awarded a U.S. patent for his groundbreaking design. With more than 55 years of innovation under our belts, you can have confidence that a Meyco cover will out-perform the competition, every time.
